

## WHAT'S CHANGED IN THE LORDS OF VEGAS RULEBOOK

There are minor changes between the rules of the Mayfair boxes and the Lone Shark Base Set. Here's a simple set of rule adjustments if you're converting from one to the other.

The name of the Vega Alliance's color is "aqua."	That color is called "green."
Property cards have dice and starting money.	They don't.
The starting money rule is "add your starting cards' dice and take that many millions."	The rule is "add your spaces' dice, subtract that many millions from \$20 million, and take that."
The rulebook refers to an End of Game card.	That card is called Game Over.
Risers are only found in Up! and raise is optional.	Risers are included. Raise is a standard action.
As an optional rule, you can lay off half your bet.	That rule doesn't exist.
